Well, Thank you.

My name is Om Kumar Yadav.

I have done my garduation in computer science
from CSVTU, Bhilai in 2015

And got college placement and started working with sjain venture as php developer

then after 1.5 years i got promoted as Senior Software Engineer.

Then after some time I got opportunity to work with telicome industry and

I develoed and ISP Manager Application that is used by internet serive provider.

Now I am fullstack developer with total 8 years of experinece in software industry

I have good knowlege of PHP, Laravel, Agular and Reactjs and on database side I have worked on MySql and PostgreSQL.

In 8 Years of my career in software industry

I have worked with many domains

like Healthcare, Telicome, travel technology, human resource, ERP & CRM.

I am also being involved in client intraction,

like requirement gathering, making deliverable roadmap

Developing the application and deplyement after UAT from QA.
